

PRESS RELEASE

Award Winning New App Launched

Perfect Pergolas, based near Cirencester, has won a Scoot Headline Award 2014 in the National campaign to find Britain's most successful companies and will be presented with their winning trophy at a presentation ceremony at Millbank Tower, London on April 28th.

The new [Pergola Planner](#) app, which can be accessed via the [Perfect Pergolas](#) website or direct at www.pergolaplanner.co.uk, allows potential customers to interact with our specialist CAD designers and have their pergola or arbour designed to their own unique specifications and requirements in a range of different timbers and finishes.

Adrian Valentine, managing director, said "It is a fantastic achievement to win this award and I'm extremely proud of everyone who has been involved in getting the '**Pergola Planner**' launched – we're very excited as this is the first time something like this has been available online in the UK and we're looking forward to seeing some interesting designs and orders!"

Perfect Pergolas only use timber from sustainable sources and offer a 10 year guarantee. Ordering is simple and straight forward and can be done via the website and the pergola is delivered free of charge to the customer together with all the necessary fixings for a quick and easy assembly.
